# Welcome to our Coffin and Casket Collection

.....

It can be a very emotionally difficult process choosing a coffin, but our team is here to guide you and decide upon the best possible option for your preferences and budget.

We have a wide selection which mix tradition with personalisation and choice, suitable for cremation and burial in a variety of woods and alternative materials and finishes.

We believe that honest and open discussion should be had about the right coffin choice. For some this decision is for something simple and dignified, others may wish to delve into the many possible options available.

Once you have made your choice, you will then have to consider the material it is made from, the style, colour, size, whether you are looking for an environmentally friendly funeral and whether you want to personalise the coffin or casket to reflect the personality and uniqueness of your loved one.

Many of our traditional coffins are manufactured under the quality craftsmanship of Walter Lambert & Sons Limited in Nelson, who have been serving independent, family-run Funeral Directors since 1877, remaining under the ownership and stewardship of the same family throughout this time.

This guide is designed to provide you with information, helping you to choose what is best for your loved one's funeral.

Kind regards,

**David Gallagher**

Managing Director, DipFD

## The Yorkshire Woven

.....

*Deluxe*

Hand constructed in Yorkshire using pure new British wool and supported on a strong frame made from recycled cardboard.

The interior is generously lined with organic cotton, attractively edged with jute and complete with a soft organic cotton covered pillow. Also available as an Ash Casket.

# Natural Collection

.....

## The Kilnsey

.....

*Deluxe*

Hand crafted in Indonesia in only World Fair Trade Organisation accredited workshops made from the leaves of the Pandanus.

The dried leaves are being twisted into cord using traditional methods, then woven and coiled around a natural cane framework. Also available in traditional shape and an Ash Casket.

## The Burnsall

.....

*Deluxe*

English Willow has been grown on the Somerset Levels for centuries and has the unique ability to regenerate repeatedly from the same crown for 30 to 40 years. They are all 100% natural and biodegradable and can be bespoke in size and design.

They are available in a wide range of colours in various combinations, including block colours. Also available as an Ash Casket.

## The Ogden

.....

*Deluxe*

Our banana coffin is made from banana cord woven around a natural cane framework. Banana cord is made using the dried woven leaves of the banana, an annual plant, after the tree has produced its fruit and died back each year. Also available in round shape.

# Personal Collection

.....

*Choose from a range of bespoke designs that can reflect your loved one and their life*
